## LANGUAGE

English – B1

Russian – native

## ABOUT ME

With a background in architecture and design thinking, I discovered a passion for frontend development — where creativity meets structure. This field allows me to apply my visual experience in the digital space and build interfaces that are both functional and aesthetic.

## EDUCATION

**Belarusian State University of Transport**

Architecture

2012 – 2018

## COURSES

**The Rolling Scopes School - React**

Completed with [certificate](#)
